Fourth of July at Hilo was a perfect success. The day was one of Hilo's loveliest—and when Hilo was a pleasant day it it is perfection riself. The foremon was spent in public exercises at the Court House which was well filled with the patriotic.

The ornion, by Host. D. H. Hitchcock was filled with tree patriotien, and voiced the feelings of many who listened to it—Liberty, Homer and Temperature.

The much at noon filled the inner man, after which extent the aurosements of the day. It was a day of fun. Everyhoody booked on and laughed and laughed again. There was none of the testal disorder attending these gatherings when liquer reigns supreme. In fact there was almost no dumhemuss to be seen. Our new grog mill don't seen to be a very paying concern and it is said that Mr. — the sleeper of the grog mill is healty disappointed in his daily receipts.

Fourth of July commenced as it always does with the firing of cruckers, but this year there was hardly a encolar to be beard till after surrises and then came a volley of bombs. The day ended also in the same way and with five works during the scening. The Portuguese Band discottrated sweet music during the materials and kept the crowd at and near the Court House green where all the races, wrestling, climbing the greased pole, eating the bon, catching the greased pig, etc., etc., took place.
